COMMUNITY SCHOOL OF MARYLAND: REFURBISHING FOR THE FUTURE.

On March 13, 2024, Community Services for Autistic Adults and Children celebrated with the culmination of the Phase One Brookeville renovation project. This is a three-phase project renovating one smaller building at a time. The first of the three buildings is complete, and we celebrated with a ribbon cutting ceremony. This facility will be used for the Community School of Maryland as classrooms and pre-vocational learning. The building was fully renovated from top to bottom making it a high-end picturesque cutting-edge facility. The ribbon cutting was conducted by CSAAC Board of Director's President, Nivea Cordova Berrios and Executive Director, Eric Salzano.

The renovations were managed start to finish by Craig Pardini, Director of Infrastructure Operations and completed by Montiel's Construction. The second building is in the process of being renovated now and the third building will commence in July.

“We are working very hard to make CSAAC the preeminent facility in all of Maryland” – Eric Salzano

CSAAC FAMILY IN THE NEWS:

Lieutenant Governor Aruna Miller joined Senator Craig J. Zucker, Maryland Department of Transportation State Highway Administrator William Pines, state and Montgomery County officials and representatives from the Town of Brookeville dedicated MD 97 (Georgia Avenue) Brookeville Bypass to former State Senator and **CSAAC Board Member Karen S. Montgomery** at a road dedication event in historic Brookeville, Montgomery County.

A resident of Brookeville, the Honorable Karen Montgomery served as a state senator representing Maryland's 14th District from 2010 to 2016, and prior to that was a member of the Maryland House of Delegates from 2002 to 2010. She has been a longtime advocate of the Brookeville Bypass project and has been eagerly awaiting its completion.

A book written by the family of one of our Community School of Maryland students has been getting fantastic reviews. Brothers and sisters get along with each other in many different ways. For Seti and Neeyo, growing up with their big sister Meghan introduces them to a whole new world. Together, the girls discover that everyone is an individual. Meghan teaches them that while people with Autism may experience things and express their feelings a bit differently, they also just want to be loved and have fun!

EMPLOYEE SPOTLIGHT

Today's employee spotlight is that of: **Alex Boateng**

Alex Boateng is a 19 year team member with CSAAC. Alex serves as a Supported Employment Job Coach and the Jane Salzano Center's receptionist. Originally from Accra Ghana, he attended the Tema Secondary School in Greater Accra.

Mr. Boateng is married and is father to three wonderful children.

During his free time, Alex enjoys soccer, tennis and golf.

CSAAC receives much of funding from the State of Maryland and local counties. However, this funding provides only the basic necessities for the individuals supported. In order to be able to offer additional therapies, recreation, and extraordinary, life-enriching, community-based learning, CSAAC relies on private donations.

Ways You Can Donate:

- General Donation
- Trust Fund
- Land
- Vehicles
- In Memory Of - List name in comment section
